PROFESSIONAL SUMMARY

Computer Engineering diploma graduate currently pursuing BE in Computer Engineering. Skilled in C, Python, Java and web technologies, with academic projects in responsive websites and interactive learning tools. Completed web development and cyber security internships; seeking an entry-level software development opportunity.

TECHNICAL SKILLS

Programming Languages: C, C++, Python, Java, PHP

Web Technologies: HTML, CSS, JavaScript, Bootstrap

Databases: MySQL, MongoDB

CMS: WordPress

Development Tools: VS Code, Eclipse, GitHub

Core Concepts: OOP, DBMS, Responsive Web Design, Problem Solving

Office Tools: MS Word, MS Excel, MS PowerPoint

INTERNSHIP EXPERIENCE

Cyber Security Intern | Jyesta Corporate Entity | Aug 2026 – Oct 2026

- Completed a two-month cyber security internship following theoretical and practical training.

Web Development Intern | Miracle Technolabs | Jun 2024 – Aug 2024

- Created and managed WordPress websites and contributed to a Restaurant Management System project.

Web Development Intern | Vaistra Technologies | Aug 2023

- Built responsive pages using HTML, CSS and Bootstrap for a Hotel Management System internship project.

PROJECTS

Student Result Management System | Python, JSON

- Built a console-based web-application to add, view, search, and delete student recordes.
- Implemented automatic calculation of total marks, percentage, grade, and pass/fail status
- Used json file handling for persistent data storage and marks validation (0-100)

Hotel Management System | HTML, CSS, Bootstrap

- Created structured, responsive web pages for hotel-related information and management functions.
- Applied frontend development concepts to build a user-friendly interface.

Multiplication Table Learning Website | HTML, CSS, JavaScript

- Implemented JavaScript input handling to dynamically display multiplication tables.
- Designed a simple, child-friendly interface for interactive learning.

A to Z Alphabet Learning Website | HTML, CSS, JavaScript, Web Speech API

- Created an interactive alphabet website displaying alphabet-related words and content.
- Integrated Web Speech API text-to-speech functionality for an engaging learning experience.

EDUCATION

Bachelor of Engineering (BE) in Computer Engineering: LJ University, Ahmedabad | Currently Pursuing
Diploma in Computer Engineering: Government Polytechnic, Porbandar | Completed: 2026
SSC (10th Standard): Sandipani Gurukul, Porbandar | Completed: 2022

CERTIFICATIONS

Cyber Security Training – Jyesta Corporate Entity (Aug–Sep 2026)
Cyber Security Professional – Unified Mentor
Python Programming Professional – Unified Mentor
